

FROM BREAKFAST TO DINNER, CULINARY AND HUMAN EXPERIENCES.

Synopsis

Bruno Bichir, a philosophical gourmet, is hungry for knowledge and bent on discovering the stories behind the dishes and the different places he visits in the Mexican Republic. From street stalls to state-of-the-art restaurants, to canteens, markets and picnic areas, you surrender to the pleasures of taste and experience each place, guided by the insatiable stomach that constantly seems to tell you: "I just know I haven't had dinner."

I only know that I haven't had dinner yet
